Solutions

Promotional Message (*Preferred Samples*)

School Newsletter/Website:

Don't let the flu rule!
Get your flu vaccine, once a year every year.

Flu season is almost here, Public Health Solutions District Health Department will be offering flu vaccine clinics for students at your school. Prior to the start of clinics, students will be bringing home consent forms and fact sheets – this will explain the importance of getting the flu vaccine this year. Parents and/or guardians are encouraged to read all the information carefully, complete and sign the consent form. Send forms back to school with your student.

Public Health Solutions District Health Department will be at your school on _____.
This program is brought to the community by support from United Health Community Plan and Public Health Solutions.

For more information, contact your school health office, or Public Health Solutions at 888-310-0565
