WELCOME

Dear Students and Parents:

On behalf of the faculty, administration and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.

There are several forms at the end of this handbook, which you must read, sign and return no later than August 22, 2014.

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do; ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Superintendent

Intent of Handbook

This handbook is intended to be used by students, parents and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

Notice of Non-Discrimination

This school district does not discriminate on the basis of race, color, national origin, gender, marital status, disability, or age or in admission or access to, or treatment of employment, in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. Any person having inquiries concerning this school district’s compliance with the regulations implementing Title VI, Title IX, or Section 504 is directed to contact Superintendent Mr. Gene Haddix in writing at Southern Public Schools, Wymore, NE 68466 or by telephone at (402)-645-3326. For further assistance, you may also contact Office for Civil Rights (Kansas City Office), U.S. Department of Education, One Petticoat Lane, 1010 Walnut, Suite 320, Kansas City, MO 64106, Telephone: 816-268-0550, FAX: 816-268-0599; TDD: 877-521-2172, Email: OCR.KansasCity@ed.gov.

SECTION ONE

BASIC SCHOOL RULES AND GENERAL PRACTICES

Asbestos Information

Even though our facilities are safe, this information is provided to be within all Environmental Protection Agency regulations regarding asbestos. It is important to note that not all-friable asbestos-containing material needs to be removed from schools. The materials found in Southern District #1 buildings have been identified and a program has been implemented to ensure that the material is maintained in safe condition and a regular inspection procedure is underway.

In the Blue Springs elementary building, asbestos is located in the boys/girls restrooms, multipurpose room and kitchen areas. In the Wymore secondary building, asbestos is found in the attic space above the third floor rooms. Heat pipes in this area are insulated with asbestos containing materials. A full plaster ceiling covers these classrooms except for a small entry opening.

Attendance

Required Attendance. Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to dis-enroll pursuant to law.

Mandatory Attendance Age. All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions. The attendance requirements do not apply when temporary illness or severe weather conditions make attendance impossible or impractical.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is available upon request.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment. Only children who are at least 16 years of age may be dis-enrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form provided by the school district. The district will follow the procedures outlined in school district policy when considering requests to dis-enroll.

Only children dis-enrolling to attend a non-accredited school may be exempt from this requirement. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer. Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the principal or designee.

Excessive Absenteeism. When a student receives 5 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow school district procedures for rendering the services within the district's power to compel the student's attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer will file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer must file a report with the appropriate county attorney.

When a student's absences are excused or due to documented illness that makes attendance impossible or impracticable, the Attendance Officer may file a report with the county attorney of the county in which the student resides.

"Documented illness" shall mean a health condition that prevents the student from safely attending school that has been confirmed by a written statement by the student's health care provider.

Unexcused absences are determined by the Principal and are issued to students who do not have a viable reason for non attendance at school.

Notes sent by parents/guardians with students do not necessarily warrant excused absences. Students will be excused from classes to attend Southern activities only if

work is made up in advance and they attend with a parent or guardian. Each case will be considered individually on its merit.

Students who receive an unexcused absence from class(es) will receive zeros in those classes. A second unexcused absence from school will result in zeros and a Saturday School at the rate of one hour of Saturday School for each two hours or portions of hours of missed school time. Should a third unexcused absence be issued to a student, the student will be issued a suspension and students who are not yet sixteen years of age will be reported as being truant from school.

Excused Absences

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Severe weather
3. Medical appointments for the student
4. Death or serious illness of the student's family member
5. Attending a funeral, wedding or graduation
6. Appearance at court or for other legal matters
7. Observance of religious holidays of the student's own faith
8. College planning visits
9. Personal or family vacations

Examples of reasons for Unexcused Absences:

1. Oversleeping
2. Working
3. Shopping
4. Hair appointments
5. Study for another class
6. Babysitting
7. Driving students to appointments unless the student is a member of the immediate family.
8. Attending Music Concerts (non-school related)
9. Turning in an excuse signed by someone other than the parent or guardian.

Band

Students wanting to enroll in band may do so in the fall of their 5th grade year. Students receive weekly lessons and eventually play in a large band setting. Classes meet during school hours for 5th and 6th graders. Make-up and extra help lessons can occur during or after school hours. Instruments are available through music stores, or private purchases. It is recommended to have a “quality” instrument from a music store, not a department or mail order store. Students who want to study percussion must have one year of experience reading and playing music on piano or guitar.

Bills

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school bookkeeper’s office. Any check for these payments should be made out to Southern Public Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of \$5 for any check returned from the bank for insufficient funds. All items purchased by students through the school must be paid for in cash or check prior to receiving the item. In certain instances a student may be required to make a deposit before specific items are ordered through the school.

Books and Supplies

Students must take care of books and other supplies provided by the district. Textbooks will be issued to you by your teachers. All textbooks should have book covers. Students should check for damages and notify the teacher immediately as students are responsible at all times for their textbooks. Students will be expected to pay fines on books when excessive wear and tear is indicated. The school will assess fines for damage to books and school property. The amount of the fine will be levied according to the amount of abuse and the age of the text. Lost or stolen books are the responsibility of the student. Replacement cost of the textbook will be charged to the student.

Each classroom teacher will prepare a recommended supply list for students at the beginning of the school year.

Bulletin Boards

Bulletin boards, (at the High School) are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day. A written copy of daily announcements will be posted on the main bulletin board by the offices. Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.

2. All postings must identify the student or the student organization posting or publishing the notice.
3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

Bullying

Students are prohibited from engaging in any form of bullying. "Bullying" means any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events. The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Anti Bullying / Bullying Prevention

The board recognizes the negative impact that bullying has on student health, welfare, safety, and the school's learning environment and prohibits such behavior. Bullying is defined as any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, at a designated school bus stop, or at school sponsored activities or school-sponsored athletic events.

Bullying may constitute grounds for long-term suspension, expulsion or mandatory reassignment, subject to state and federal statutes and the district's student discipline and due process procedures.

It shall be the responsibility of the superintendent to implement appropriate programs or procedures for the purpose of educating students regarding bullying prevention.

Cafeteria Rules

1. All food is to be eaten by the student or left on the tray when returned to the dishwasher. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray on to the correct container.
2. Forks and spoons should be placed in the pan with water, NOT THROWN AWAY!
3. Students are to use proper manners including eating quietly.
4. There will be no throwing of food or other items.
5. Students should remain at their tables until they are dismissed.
6. Students must treat lunch personnel with respect.
7. Students are expected to enter and exit the lunchroom quietly and orderly, and use quiet and normal conversations.
8. Carbonated beverages are not allowed according to State regulations.
9. Students who violate the above rules will be disciplined.

10. Students are expected to stay seated, raise hand for assistance, use good table manners and be considerate of others at all times.
11. Students are expected to spend at least 15 minutes at the lunch table to eat, and allowed up to 30 minutes to finish their lunches.
12. Students are encouraged to eat as much of their lunch, and drink as much of their milk as they can, and are expected to clean up their eating areas and empty their trays. Trading food and drinks are not allowed.

Breakfast and Lunch

Breakfast is served from 7:45 AM to 8:10 AM. Classes begin at 8:10 at the secondary and 8:15 at the elementary and students are to be in their classrooms. We realize that there is occasionally a problem concerning buses arriving at the school by 8:10. Bus schedules change daily according to road conditions and students being on time at the bus stops. The bus drivers will try their best to have students on time for breakfast, but please be aware that there may be days that this is not possible. *Whenever school begins later due to inclement weather, teacher in-service, etc., breakfast will not be served.*

Students are not required to eat the lunch served at school. They may bring their lunch from home; however, they are required to eat their lunch in the lunchroom. Parents or guardians of students may bring food to school only for their son or daughter. Federal guidelines prohibit commercialized food from being shared with other students. Therefore any commercialized food brought to school during the "lunch" time period must not be shared with other students.

Violations of this policy could be very detrimental to the hot lunch program status and could result in the cancellation of the program. If you have any questions about what is allowable, please contact the Cafeteria Manager or the Principal's office prior to bringing commercialized food to school.

A computerized lunch system has been implemented in our schools. This is a prepayment program. With this system, each family will bank money to an account and as each student goes through the lunch line, the cost of each breakfast or lunch will be subtracted from the family account total. Each family will have one account on the computer to cover all members of their family in both the elementary and secondary building. A milk/juice break is available each morning for students K-2. "ALL" students are required to pay for their milk or juice. Milk is served on Monday, Wednesday, and Friday - Juice is served on Tuesdays and Thursdays.

In accordance with Federal law and U.S. Department of Agriculture Policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age or disability.

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.

Candy and Gum

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

Cell Phones and Other Electronic Devices

Students may not use cellular (cell) phones or other electronic devices while at school, except as permitted in this handbook. (School day for this purpose is defined as the time period between the hours of 8:10 am until the school is dismissed.)

Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. Required study centers and detentions are considered part of the school day. By bringing cell phones and other electronic devices to school, the student and the parents consent to the search of that device when school officials have a reasonable suspicion that such a search will reveal a violation of school rules.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle's driver and/or sponsor.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss or damage of a cell phone or any calls made on a cell phone. Southern Public Schools also prohibits sending, sharing, viewing, or possessing pictures, text messages, e-mails, or other material of a sexual nature in electronic or any other form of a computer. Electronic devices are not to be used except for educational purposes as determined by the classroom teacher. Electronic devices such as iPods and MP3 players, may be used during lunch in the lunch room area. The use of such devices will not be permitted during the passing of classes. Laser pointers are not permitted at any time. These items will be confiscated and disciplinary action will result for violations of this policy. Should any electronic device be disruptive to the school environment at any time as determined by administration or teachers, the items may be confiscated by administrators, teachers or program supervisors.

Students who violate this policy will have their cell phones or other electronic devices confiscated immediately. The first offense will result in Saturday School, and the offending student's parent or guardian must pick up the phone. The second offense will result in Saturday School, and the offending student's parent or guardian must pick up the phone. The administration will determine consequences for third violations and any violations thereafter in accordance with the student discipline section. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

Child Abuse and Neglect

Because of their daily contact with school-age children, educators and other school employees are in a unique position to identify abused and/or neglected children.

Nebraska law defines child abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; or (6) sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Reporting Procedure. School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect, will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected, shall report the suspicion to the building principal immediately.
2. The principal and the school nurse and/or the school guidance counselor shall, whenever possible, investigate the concern within 24 hours of receiving the initial report. The school staff shall endeavor to conduct this investigation in a manner that does not interfere with any current or future investigation by law enforcement. When the principal determines that a report should be made through the district, he or she shall make a report to the office of social services or law enforcement. The principal shall inform the employee(s) who made the initial report whether he or she has made a report to the office of social services or law enforcement. If no such report has been made, the employee(s) shall file such a report if he, she or they have reasonable cause to believe that a child has been abused or neglected.
3. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect. Consultation between the administrator and school employee is encouraged, keeping in mind that prompt reporting is essential.

Contents of the Report. The report to authorities shall contain the following information to the extent it is available: (1) name and position of reporting person; (2) name, address, and age of abused or neglected person; (3) address of the person or persons having custody of the abused or neglected person; (4) the nature and extent of the abuse or neglect, or the conditions and circumstances which would reasonably result in such abuse or neglect; and (5) any other information that may be useful in establishing the identity of the persons involved and cause of the abuse or neglect.

Legal Immunity. Nebraska statutes give legal immunity from any civil or criminal liability to any person who makes a good faith report of child abuse or neglect or participates in a judicial proceeding resulting from such a report.

Class Dismissal

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until their classroom teacher has excused them.

Class Dues

Southern Public Schools will follow the Student Fees Policy and you may be required to pay certain fees as permitted by the Student Fees Act.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- Arrive to class on time;
- Prepare for class with all necessary materials;
- Be considerate of others;
- Respond promptly to all directions of the teacher; and
- Take care of school property and the property of others.

Teachers will establish classroom conduct rules, which students must obey.

Elementary School Classroom, Hall & Building Conduct

1. Students are to report to class on time and be quiet and in their seats when the bell rings.
2. Respect is shown for teachers/staff at all times.
3. All students needing to go anywhere in the building must first acquire permission from a teacher.
4. No running, pushing, loud talking, or loitering will be allowed in the halls.
5. Students should keep to the right when using the halls.
6. **NO TOY GUNS.** Students shall not be allowed to bring any kind of toy weapon, gun, water pistols, etc., to school unless authorized by a teacher for class use (ie. plays, skits, etc.)

Closed Campus

Students may not leave the building without permission from the administration. Southern Public School maintains a closed lunch campus. Students are not permitted to leave school during their lunchtime. Notes sent by parents requesting that their son or daughter leave the school premises during this time may not be accepted. Violation of this policy will result in a Saturday School assignment and if repeated could be grounds for suspension or expulsion from school for continuing behavior that interferes with class work or the activities of the school.

Coats and Boots

Elementary students must wear coats outdoors when the weather makes it advisable. The staff will decide when coats are required for recess.

Elementary students may choose to wear overshoes or boots when the playground is wet or muddy. Waterproof boots worn to school should be taken off and regular shoes worn during the day. Boots worn to school must be marked with the student's name.

COLLEGE VISIT REQUIREMENTS (SENIORS ONLY)

1. A note or phone call from the parent to the counselor or Principal must be made prior to the visitation day. Students will not be counted absent from classes, if all criteria is met.
2. It is the responsibility of the student to make up all missed assignments.
3. Contact with the proposed school for visitation will be made by the Counselor to arrange a visitation tour.
4. No more than two days per year will be granted.
5. Students who are in danger of having credits reduced due to absenteeism will not be excused from school.
6. Students who are failing required classes for graduation will not be excused.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition, please call 402-645-3359 at the Elementary School or 402-645-3326 at the High School.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Computer Network Use by Students

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

I. **Student Expectations in the Use of the Internet**

A. **Acceptable Use**

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.
3. Students may use the Internet to gain access to information about current events.
4. Students may use the Internet to conduct research for school-related activities.
5. Students may use the Internet for appropriate educational purposes.

II. Enforcement

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
 - a. Loss of computer privileges;

- b. Short-term suspension;
 - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
 - d. Other discipline as school administration and the school board deem appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. **Protection of Students**

A. **Children’s Online Privacy Protection Act (COPPA)**

- 1. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.

B. **Education About Appropriate On-Line Behavior**

- 1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.
- 2. Staff will specifically educate students on:
 - a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
 - b. Cyberbullying awareness and response.

Conduct at Local High School Events

Southern Public Schools earnestly solicits parental support for the supervision of their own K-6 youngsters who are attending high school sports events.

Football Games: Children should sit in the bleachers and stay behind the wire that surrounds the football field. At “no time” should they be on the track area, football field or in the end zone. Students should not play on “the hill” southwest of the football field.

Volleyball-Basketball-Wrestling: During volleyball, basketball and wrestling events, elementary students lose interest in the games and turn their energies toward the Commons area for play. This interferes with concessions traffic, increases custodial cleaning, and at times could interfere with the progress of the games and possibly cause injury to themselves or someone else. Parents are requested to establish the ground rules for seating their youngsters during the game(s).

Softball games: Children should sit in bleachers or in bleacher area. At no time should they be in parking lot or other ball field. Students are there to watch the game.

Any child causing a problem at any activity may be required to leave the activity.

Southern students attending school activities are required to conduct themselves in a manner conducive to positive sportsmanship and in a manner as to **not** disrupt or call undue attention to themselves or to detract from the nature of the activity. Students who are not adhering to acceptable behavior as a spectator may be suspended from attending school activities, which would also include the student's participation on athletic teams, and may include suspension from attending classes. Students must follow Southern Public Schools' dress code policies (exception is the no hat rule) or administrator's allowed costumes.

Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences once during the Fall semester and once during the Spring semester. We strongly urge you to attend this conference as we find that many times very beneficial information about the development of the student can be shared by parents, as well as by teachers.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Contact Information

Parents must supply the school with their student's address and telephone number as well as information about how to reach a responsible adult during the school day. Parents must promptly inform the school if this contact information changes during the school year. **Whenever there has been a change of address, telephone number, doctor or emergency procedures, this information should be reported to the Principal's office immediately.**

Copying and Fax Charges

Individuals who wish to send faxes or print copies for personal or non-school use will be charged the following rates:

Fax - 1.00 for up to three pages (includes cover sheet); \$.25 per page for each additional page.

Copier - \$.20 per page for Black & White, \$.40 per page for Standard Color (pictures or art work with full range of colors will range from \$.50 to \$1.00 per page)

National Honor Society

National Honor Society By Laws of Southern High School

National Honor Society Members are chosen each spring by a selected group of faculty members (this group will remain anonymous). National Honor Society is an honorary organization, which promotes leadership, character, scholarship, and service.

The National Council of the National Honor Society has addressed the area of membership selection by requiring that certain procedures be followed. These areas

covered under Title IX in the National Honor Society Constitution and the section on selection in the National Honor Society Handbook

Section 1. To be eligible for membership the candidate must be a member of those classes (sophomore, junior, senior) designated as eligible in the chapter bylaws. Candidates must have been in attendance at the school the equivalent of one semester. Some candidates may be ineligible for induction because of the semester ruling. Many students, including students of military parents, are required to move with parents or guardians that have transferred in their work. The present school principal should seek a recommendation from the previous school principal pursuant to the candidate's selection. Based on the recommendation of the previous principal the faculty council may waive the semester regulation.

Section 2. Candidates must have a cumulative scholastic average of at least 85%, B, or 3.0 (on a 4.0 scale) or the equivalent standard of excellence. Candidates shall then be evaluated on the basis of service, leadership, and character.

Section 3. Any student convicted, or admits to being involved in any criminal act including, but not limited to MIP, DUI, vandalism, consumption of alcohol or drugs, or convicted of any felony will not be permitted into the Southern National Honor Society.

Section 4. Southern's Power School 4.0 grading system will be the basis for the candidate's score in the area of scholastic. The group of selected faculty members will then rate each candidate from 1-4 (4 being high) in the other three categories; leadership, service, character. Point totals are then averaged for each student. Candidates with an average of 3.00 or better are then inducted into the Southern National Honor Society.

Students are not permitted to leave the dance and return without paying during the one hour grace period unless permission is received by the school sponsor. Dating Violence

The board prohibits behavior that has a negative impact on student health, welfare, safety, and the school's learning environment. Incidents of dating violence will not be tolerated on school grounds, in district vehicles, or at school sponsored activities or school-sponsored athletic events.

Dating violence is defined as a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. Dating partner means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious or long-term.

The district will provide appropriate training to staff and incorporate within its educational program age-appropriate dating violence education that shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

Discrimination and Harassment

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex or gender, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with a student's school performance, or (3) otherwise adversely affects a student's school opportunities. All Career and Technical Education opportunities will be offered without regard to race, color, national origin, sex or disability. Dress Code

Students should come to school clean in his/her person and dress. All students should take pride in their personal grooming. An individual's dress, personal appearance and cleanliness, like his/her behavior, should reflect sensitivity to and respect for others. Good appearance stimulates good behavior and proper clothes encourage self-confidence. Appearance that is disruptive to the educational process or endangers the safety or health of self or others is not allowed. Students in violation of dress code may be assigned a 204 detention.

1. The following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

- a. Any gang related symbol worn, written, carried, displayed, or communicated will not be tolerated: Gang related symbols may include specific hats, caps, coats, jackets, sagging pants (below the hips), bandannas, and/or handkerchiefs. *As new types of gang related symbols may periodically occur throughout the school year, the school administration will monitor this activity and exclude any items or clothing which is deemed to be gang related.*
 - b. Chains, dog collars, or wearing apparel which contain sharp objects.
 - c. Bedroom slippers.
 - d. Pajama or Flannel Pants.
 - e. Holes in garments which expose any type of undergarment or skin or are above mid thigh are not allowed.

 - h. Caps, hats, hair picks, sunglasses, visors, or head sweatbands in the school building (head sweatbands may be worn during P.E. Sunglasses may be worn in outdoor classroom or activity settings.)
 - i. Due to recent decisions identifying and clarifying the rights of all members gathered in public schools, the wearing of any clothing which disrupts the educational process is prohibited. For example, if an instructor decides that an article of clothing bears a message that any student in the class would find objectionable, or that the instructor finds objectionable, then the educational process has been affected. The student will be asked to discuss the situation with the SHS Administration. A decision will be made to allow the clothing or disallow the clothing in question. Should an article not be approved, the student will be required to: wear a school approved shirt or for the student to either turn the shirt inside out if so doing will eliminate the message from being seen.
2. Restrictions on clothing during the school day 8:00 am until 4:10 pm and at all school activities.
 - a. Blouses or shirts must have a strap over each shoulder and the back, the stomach and the chest cleavage must be covered at all times including times when a student is in a standing, sitting or lying position. If at any time during the school day the student is reported by school staff to be in non-compliance of this rule, the student will be required to change the clothing to a school supplied shirt or to leave school until the problem is corrected. Should a student choose to leave school, discipline may occur.

- b. Winter coats, trench coats, long overcoats, and letter jackets are to be stored in lockers between the hours of 8:05 am and 3:36 pm unless the student is immediately exiting the building.
 - c. Skirts and shorts are allowed as long as they meet the following criteria: The length of a skirt, must be mid-thigh when the student is in a standing position. Shorts must not expose any of the buttock or undergarments while the student is either sitting or standing. No shorts, capri's, bermuda shorts or flip-flops are to be worn between Oct 15 - March 15th. (For the elementary only.)
 - d. Mesh shirts or jerseys with arm large holes must have a shirt (without holes) underneath it.
 - e. *FIELD TRIP CLOTHING* ... will be left up to the classroom teacher.
 - f. *MAKE-UP*: Students are not permitted to "apply" make-up at school. (For the elementary only.)
 - g. All jeans, pants, shorts, or skirts must be worn no lower than the hips. No sagging pants.
 - h. Students may bring hats, caps, visors, hair picks, into the school building. However, these items must be stored in the locker during the school day. During special event days during the school year, administration may allow the wearing of hats, caps, visors, sunglasses, or bandannas. (i.e. homecoming week, special dress-up days) Caps, hats, visors, sunglasses, or bandannas may be confiscated if worn at improper times.
3. Other dress related or possession related regulations.
- a. Because teams and groups represent the student body as a whole in the eyes of the public, coaches/sponsors of these groups may make special dress and grooming regulations which students are expected to follow if they wish to participate. Cheerleading uniforms are school-approved uniforms which will be permitted during the school day. Physical Education clothes may vary from clothing restrictions due to the nature of the physical activities. Shirts with cut off sleeves are acceptable in Physical Education but only the sleeve opening may be cut out. Physical Education instructors will be allowed to decide what is appropriate for Physical Education activities.

- b. In cases where safety rules concerning dress and grooming are necessary, students must abide by them. Example: [running power equipment during an Industrial Arts Class]
- c. All students need to be aware that lack of proper personal hygiene can and does have an affect upon the learning of other students. Students also need to be aware that it is important that the clothes worn to school be clean. An administrator and/or counselor will visit with a student whose personal hygiene or lack of clean clothes is apparent. Failure on the student's part to comply with reasonable requests will result in parents being contacted before discipline is issued.
- d. Book bags may be used to transfer books to and from school only. Book bags must be stored in student lockers during the school day.
- e. Due to the large size of purses, staff may designate an area for purses to be stored during class time.

Southern Public Schools will not be held liable for charges and/or damages to the vehicle in transit. The driver (student) may be suspended from school for insubordination and/or continued behavior that interferes with the activities of the school.

Drug Free Schools

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing or selling any drug, alcohol or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

The use or possession of any tobacco product, including the use of vapor products, alternative nicotine products, or any other such look-alike product, is not permitted on school property at any time.

Any student who violates any school policy regarding drug, alcohol and tobacco use will be disciplined, up to and including short-term suspension, long-term suspension, or expulsion from school and/or referral to appropriate authorities for criminal prosecution.

Duty to Report Criminal Violations

The school principal or the principal's designee shall notify as soon as possible the appropriate law enforcement authorities of the county or city in which the school is located of any act of the student which the principal or designee knows or suspects is a violation of the Nebraska Criminal Code. Theft, assaults (fighting), damage to property, possession or use of drugs, alcohol, are among many other offenses which could possibly fall under Nebraska's Criminal Code.

Emergency Procedures

SCHOOL CLOSING FOR EMERGENCY CONDITIONS

In the case of an emergency, when school must be started late, dismissed early or canceled; a public announcement can be found on **KWBE** and **KNDY** Radio, **KOLN/KGIN-TV** Channel 10, **KLKN-TV** Channel 8, the Southern Public School's **IRIS Alert system and the district web site.**

FIRE PLAN PROCEDURES

Fire drills are held approximately once a month, in order to be ready for possible emergencies and to meet state fire code requirements. Students should take the drills seriously, for we never know when we might have to vacate the building for "the real thing". Teachers will explain evacuation routes and procedures on the first day of school, and periodically during the remainder of the school year.

Please follow these procedures during the times that Fire Bells ring.

1. Follow your classroom teacher's instructions.
2. Evacuate the room/building immediately.
3. Do not take personal items with you.
4. If the alarm rings between classes, you are to meet with the teacher of your previous class. i.e. The fire bell rings between 1st and 2nd period, you are to go to your first period class. The fire bell rings during your lunch period, you are to go across the street, to the class which met immediately before your lunch period.
5. Wait for further instructions.

STORM EMERGENCY PROCEDURES

In the event of a severe storm or tornado warning, students will be notified to vacate their classrooms and proceed to appropriate locations in the building. Directions for room evacuation will be posted in each classroom. Explanation of evacuation routes will be explained by classroom teachers. Drills will be held to inform students of appropriate procedures and actions to be taken.

Evacuations

The school district will hold routine evacuation drills throughout the school year. Whenever the fire alarm sounds, all students and faculty must evacuate the building in a quiet and orderly fashion and remain outside until told to return to the building. Classroom teachers will provide students with detailed instructions on building evacuations.

Eye Exams

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. The cost of

such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. A student's parent must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones. A student must remember that he is representing the entire school while attending out-of-town events as well as when attending an event at home. Students will refrain from excessive noise or disturbances. Upon arrival, students should stay with their groups and conduct themselves properly. All students should observe the stadium or gym rules of the host town or those of your own school.

Field Trip Sponsors

Tobacco (alcohol/illegal drugs) in any form will not be used by sponsors at anytime during a field trip. This includes rest stops, restrooms, eating establishments, etc. Only parents or legal guardians may be field trip sponsors. The Principal can only give permission for special situations.

First-Aid

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

General Complaint Procedure

This Complaint procedure should be used if you have a complaint regarding a violation of school policies. If you believe you have been harassed or discriminated against use the procedure found under the Harassment and Discrimination section of this handbook.

Good communication helps to resolve many misunderstandings and disagreements, and the board encourages patrons and school staff to discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, a complainant should follow the procedures set forth below:

1. The first step is for the complainant to speak directly to the person with whom he or she is dissatisfied, or to who is responsible for the practice or regulation with which he or she is dissatisfied. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher.
2. The second step is for the complainant to speak to the building principal, superintendent of schools, or president of the board of education, as set forth below.

- a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted to the president of the board of education.
3. When a complainant submits a complaint to an administrator, the administrator shall:
- a) Determine whether the complainant has discussed the matter with the staff member involved.
 - 1) If the complainant has not, the administrator will urge the complainant to discuss the matter directly with that staff member.
 - 2) If the complainant refuses to discuss the matter with the staff member, the administrator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant.
4. A complainant who is not satisfied with the building principal's decision regarding a complaint may appeal the decision to the superintendent.
- a) This appeal must be in writing.
 - b) The superintendent will investigate as he or she deems appropriate.
 - c) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision.
5. A complainant who is not satisfied with the superintendent's decision regarding a complaint may appeal the decision to the board.
- a) This appeal must be in writing.
 - b) The board may, but is not required to, receive statements from interested parties and witnesses relevant to the complaint appeal.
 - c) The board will notify the complainant in writing of its decision.
 - d) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall:
- a) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.

- b) Strongly encourage the complainant to reduce his or her concerns to writing.
- c) Determine, in his or her sole discretion, whether to refer the matter to the board of education for consideration at a regular or special meeting.

Gifts for Students (Balloons, flowers, etc.)

Gifts arriving at school will not be given to students until the last 15 minutes of the school day. Balloons will not be allowed to go home on school buses. Flowers in glass vases must be taken home in a protective covering (paper or plastic bag). Students should not bring gifts for other students to school unless it is a class function (Christmas party) or if a present can be given to each student in the classroom. If a student wants to give another student a special gift, it should be done outside school time.

Hall Passes

A student needing to be in the halls during class time or when assigned to a study center should obtain a hall pass from the supervising teacher. The pass should indicate the student's name, the date, name of the issuing teacher, the time left the destination. The student should present the pass to the supervising teacher. A student wishing to visit the office, the counselor, or other staff members during a study center should obtain a hall pass in advance of the time of the desired visit.

Harassment and Discrimination

Harassment and discrimination on the basis of sex, race, creed, color, national origin, religion, marital status, disability, or age will not be tolerated in the school district. Harassment of students or employees, by other students, employees, and/or third-parties who are engaged in school-sponsored activities will not be tolerated in the school district. The District will do what is appropriate to address the harassment, including providing appropriate resources such as counseling to assist the harasser in preventing future harassment; to assist the individual subject to the harassment; and to prevent retaliation or additional harassment as a result of the procedure against witnesses, other members of the student body, and any others who may be involved. The District will take steps reasonably calculated to prevent future harassment.

Head Lice and No-Nit Policy

If a student is found to have Head Lice by the teacher, school nurse, office personnel, or principal, the parents/guardians will be notified and the child will be sent home and must have treatment. The recommended treatment is any type of over-the-counter insecticide lice shampoo containing pyrethrins. Such as "Nix Creme Rinse" which no longer requires a doctor's prescription.

First Head Lice Infestation: The student may return to school with proof that insecticide head lice shampoo containing pyrethrins was used (empty box or bottle) and there is no visible sign of lice or nits. This makes the child no longer contagious.

Second Head Lice Infestation: If the student is sent back home a "SECOND" time within weeks of the first head lice infestation, a release by a physician will be needed before the child can be readmitted to school.

Third Head Lice Infestation: If the student is sent back home a "THIRD" time within weeks of the second head lice infestation, a release by a physician will be needed

before the child can be readmitted to school and, according to the decision of the Principal, the Department of Health and Human Services will be contacted.

ATTENDANCE: When a student is sent home because of head lice, each will be counted absent from the time he/she leaves school until he/she returns. Southern Elementary attendance policy states: *“Students who are absent for more than twenty (20) school days during a school year will not receive academic credit for the current school year.”* If the twenty (20) absences are partly due to recurring head lice, then it is the decision of the Principal to turn the student’s attendance records over to the Department of Health and Human Welfare.

Head Lice Control at Home

First, check all family members and individuals that are closely associated with infested individuals to determine the extent of the infestation. An infested person will most often have lice eggs (nits), which are about this size (.) firmly attached to the hair shafts, particularly around the back of the neck and behind the ears. Eggs or nits have a light tan or dandruff-like appearance. However, dandruff can easily be blown away, but lice eggs will stay attached to the hair shaft. You may also locate live head lice that are grayish to clear colored and are about this size (=) on the scalp.

Second, treat all infested individuals with either an over-the-counter insecticide head lice shampoo containing pyrethrins or you may obtain a stronger prescription shampoo through your physician. In either case, be sure to follow labeled or prescribed instructions completely since much of the success in controlling these insects will depend on how well the treatment instructions are followed.

Third, use a fine-toothed, specially designed nit comb (metal combs are best) after each treatment to eliminate as many nits as possible from the hair, thus reducing the chance for head lice survival. These combs are available through any drug store.

Fourth, machine-wash in hot water (over 130 degrees F) all coats, hats, scarves, pillowcases and other clothing possibly coming in recent contact (48 hours) with the head of an infested person. Items that cannot be washed can be tightly sealed in plastic bags for two weeks, which will kill all eggs (nits) and live head lice.

Fifth, soak all combs, brushes and other hair care items for an hour in either an insecticide head lice shampoo solution or heat the articles in water to 130 degrees F for 5-10 minutes.

Sixth, thoroughly vacuum couches, chairs, mattresses and other furniture that may have been in contact with infested persons or garments. When lice are accidentally dislodged onto these objects, survival rarely exceeds two days. The eggs (nits) rarely hatch at room temperature.

Seventh, children should be encouraged not to share combs, brushes, caps, and other hair care and clothing articles that come in contact with the head.

Eighth, if it appears that the head lice are not being controlled by the shampoo treatment, switch to a different product and check to make sure ... ALL ... of the steps above are being followed.

Note: The above eight steps are recommended by the Nebraska Department of Health.

Health Problems

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify principal or superintendent if their student has any special health problems such as diabetes, asthma, and the like.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

Homeless Children and Youth

The school district will provide tuition free education for homeless children and youth who are in the district and accord them the educational rights and legal protections provided by state and federal law. Homeless children and youth shall not be stigmatized or segregated on the basis of their status as homeless and shall have access to the same services offered to other students. It is the intent of this policy to remove barriers to the enrollment and retention of homeless children and youth in the school district.

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is Mrs. Patty Goes. Students in homeless situations who require assistance should contact the liaison at 402-645-3326 or in person at 115 S. 11th Street, Wymore, NE 68466.

Illness or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. When school officials determine that a student needs immediate medical attention but the parents cannot be reached by phone, emergency services will be summoned or the student will be taken directly to the doctor and/or hospital. In case of injury or emergencies requiring immediate attention for the victim, every effort will be made to contact the parents obtaining permission to have the child treated by an available physician. Students showing symptoms of a contagious disease will be sent home. School officials will require a physician's statement before allowing such students to return to school. Diseases could include: Measles, Rubella, Mumps, Chicken Pox, Scabies, Scarlet Fever, Impetigo, Ringworm, Pink Eye, and infectious Mononucleosis.

All students are required to furnish the school with emergency information, such as the family physician, where parents can be located, and other necessary emergency instructions.

Immunizations

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or
- a signed parental statement of refusal to provide the immunization history. Homeless students who are in need of immunizations will be referred to the homeless coordinator, who shall assist in obtaining necessary immunizations or medical records.

Initiations and Hazing

The school does not sponsor or condone initiation or hazing of any sort.

Interscholastic Participation/Academic Eligibility/Training Rules

Southern Public Schools is a member of the Nebraska School Activities Association. Athletic coaches will post and review the eligibility standards each season. In regard to academic eligibility a student participating in any interscholastic contest must be in regular attendance and must have passed at least 20 credit hours for the immediate preceding semester in order to be eligible for participation at the varsity level.

Southern School Rules: Any student in grades 9 -12 failing two (2) or more classes will be ineligible to represent Southern Schools in interscholastic competition. Failing status will be reported each Tuesday on the down list, using cumulative quarter grades. The period of ineligibility will be from the Tuesday that failing status is reported through Monday of the following school week. The first time each quarter that a student fails to meet the criteria for being eligible, he/she will be extended a one-week "grace period" of eligibility to raise their grades to meet this policy. A return to the down list in any two (2) or more classes during that quarter will result in ineligibility. Senior High Student/Athletes, who are failing two or more classes, are required to attend study center which begins at 3:40 and will end at 4:10 p.m.

Cheerleaders are subject to the weekly down list rule.

Varsity Band, Varsity Choir, Stage Band, and Swing Choir members are exempt from the Weekly Down List for District Music Contest only due to the credits allowed for these classes. Students who participate in solos or small groups are not exempt from the weekly failing requirement.

Leaving the Building

A student needing to leave the building must obtain a permit from the office. A note from home or parental contact is necessary. The note must include the parental signature and the time the student is to be excused. Students who leave the school building during the day, unless they are accompanied by a staff member, must exit through the front doors. The office will make an attempt to contact the parents of a student who requests to leave for sickness or any other valid reason, in order to secure parental permission. If a student leaves the building during the school day for reasons other than medical, that student may be required to make up the time missed with the classroom teacher.

Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers and other such property may be conducted at the discretion of the administration.

Lockers are assigned at the beginning of the school year by the principal. Students are not to change lockers without the permission of the principal's office. The lockers are the property of the school, and as such are subject to inspection by the administration at any time. Students will be charged for removal of locks which are not the school's. **Liquids or food items are not to be brought into the school, stored in lockers or in your possession, this includes before and after school, other than in special situations that have been approved by the administration.**

Stickers placed on the outside of lockers are to be removed every quarter. The materials will be removed and destroyed on a regular basis. Students may place appropriate materials on the inside of the lockers.

Lost and Found

All lost and found articles are to be taken to the office. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription medication. (1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

Non-prescription medication. (1) Parents/guardians must provide written permission for the administration of the medication. (2) The medication must be brought to the school in the manufacturer's container. (3) The container must be labeled with the child's name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Media Center

Students must check out materials from the librarian on duty. Each borrower is responsible for all books checked out in his/her name. A fine of five cents per day per book may be charged for overdue books. Each student is responsible for any fine which accumulated on a book charged to him/her. If a book is lost and not found by the end of the semester, the student must pay for it. Students must also pay for any damage they cause to library books.

Memorials

Memorials or plaques honoring the deceased students are generally not allowed in or on the school grounds. Dedications to students will not be allowed.

Scholarships in the deceased person's name will not be set up by the school. Scholarships set up by outside organizations or individuals will be allowed.

Money and Valuables and Other Possessions

Students should turn lunch money, etc. over to the office promptly, for safekeeping. When it is necessary to send money to school with children, clearly mark the envelope with the child's name. The school cannot replace money and valuables lost at school. All lost and found items should be taken to, or claimed at the office. Items remaining at the end of the year are donated to a charitable organization.

No TRADING of personal belongings is allowed for any reason.

Movies

At Southern Public Schools Elementary, the only movies that can be brought to school by a student must have a "G" rating. To watch a PG or PG-13 rated movie, the teacher must contact each parent and get written permission for that child to watch a specific movie.

At Southern Public Schools High School, to watch a PG-13 or higher rated movie, the teacher must contact each parent and get written permission for that student to watch the specific movie.

Participation in Activities Which Occur After School Hours

Students must attend school for at least one half day to participate in any co-curricular activity which takes place after 3:36 p.m. on that day. This includes all athletic practices, athletic contests, music concerts, fine arts events, and any activity which is sponsored by the school. Extenuating circumstances must be approved in advance by the principal or in his/her absence the superintendent or athletic director.

Participation in Activities Which Occur During School Hours

Completed pre-makeup slips are required for students to participate in the following school activities which occur during classroom time: Athletic activities including contests, speech contests, FBLA activities, Student Council activities, S-Club activities, and other group or organizational activities which are school approved but are not part of a graded class. Failure to complete a pre-makeup slip will exclude the students from the activity. Organizational Sponsors and Coaches are to make the pre-makeup slips available to students to sufficiently allow students to have time to complete the slips. The sponsors and coaches are to collect completed slips prior to the activity and are to inform the office of any student who has not completed the required slip. Those students will not be allowed to attend the activity.

Pre-makeup slips are not required for participation in classroom activities which occur during the school day. However, students are still responsible for making up work prior to the absence in other classes which will be missed. It is the student's responsibility to directly communicate with his/her teachers and to make sure that any required class work is received by their teachers prior to participating in the other classroom activity.

If a student does not abide by these guidelines, zero's can be assigned to any work not submitted according to the guidelines.

Parties

Elementary classes may have seasonal parties during the year. Parents shall communicate with their student's classroom teacher for the teacher's rules regarding birthday and holiday parties.

Classroom Parties

If school is canceled due to weather, Halloween, Valentine's, etc., parties will be held the first day students return to school.

Party Invitations

Any student having a party involving other students should give invitations to these students outside of school time. Party invitations will NOT be allowed to be handed out in school. If you are planning a party, or other group function, please make arrangements for students to reach your home other than on the school bus.

Personal Items

The school provides the necessary equipment for classroom and school day activities. **The school is not responsible for ruined or lost personal equipment. Students should not bring items such as athletic equipment, electronic devices, toys, or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator.**

Physical Education

The school district requires students to receive physical education to assist them in developing gross and fine motor skills. Elementary students are not required to wear PE uniforms, but are encouraged to wear tennis shoes for P.E.

Physical Exam

Students entering kindergarten and the seventh grade, and those entering school from another state, are statutorily required to show evidence that they have had a physical examination within six months prior to the date of entering school.

Picking Students Up During School Hours (Elementary School)

On days that school is in session, the area directly in front of the main doors is a Loading zone. Students may be dropped off in front of the school only. If you need to enter the school for business, vehicles are to be parked in the parking areas to the North and East of the Elementary, between the hours of 7:45 a.m. and 4:00 p.m. This

is a SAFETY matter for your children; please abide by this by not parking in front of the school.

Students who are picked up by parents or who walk home after school will not be dismissed until all buses have left the loading zone. In emergencies such as doctor, dentist appointments, etc., parents/guardians must come into the building and personally escort their child/children from the building and walk them to their car while the school buses are in the loading zone.

Pictures

The school district arranges for a photographer to be present at school in the fall to take class pictures. Parents will be notified of date. Included in the individual packet for elementary students is a class composite. Parents who want pictures of their students or of their student's class composite may purchase them directly from the photographer.

Playground Rules (Elementary)

Pledge of Allegiance.

Rule 10 of the Nebraska Department of Education requires public school districts to establish a period of time during the school day when pupils will be led in the Pledge of Allegiance ("Pledge") in the presence of the flag.

At or near the beginning of each school day, students will either be led in reciting the Pledge either over the school building's public address system or in their classrooms by a staff member or by a willing student.

The district will ensure that a flag is present in any room in which students recite the Pledge. For purposes of this policy, “flag” means an authentic flag or a replica or picture of the flag of the United States of America which is visible to participating students.

Participation in the Pledge is voluntary. No student or staff member will be required to recite or lead the Pledge or be rewarded or penalized in any way for their choice whether or not to recite or lead the Pledge. Students and staff members who do not participate or lead the Pledge must sit or stand quietly and may not interfere with the rights of those who choose to participate.

Any student or staff member who violates any district policy or code of conduct regarding a person’s decision to participate or not participate in the Pledge will face disciplinary consequences pursuant to district policy.

Police Questioning and Apprehension

Police or other law enforcement officers may be called to the school at the request of school administration, or may initiate contact with the school in connection with a criminal investigation. The school district shall inform parents when law enforcement officers seek access to their student prior to the student being questioned unless the officers are investigating charges that the student has been the victim of abuse or neglect. Members of the school district staff will comply with board policy regarding police questioning of students.

Protection of Student Rights

The Board of Education respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy in consultation with parents to comply with the Protection of Pupil Rights Amendment (PPRA) and The No Child Left Behind Act (NCLB). The policy is available on the district’s website or upon request from the district’s administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the superintendent. The approximate dates during the school year when a survey requesting personal information as defined in the Protection of Pupil Rights policy is scheduled are as follows: No dates have been determined. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the superintendent.

Public Displays of Affection

Displays of affection beyond holding hands are inappropriate and disruptive of the school's learning environment. Disciplinary steps will be taken to enforce this guideline by teachers and administration including warning and parental conference.

Students refusing to comply with these standards or students who continue to violate these policies will be suspended from school until a conference can be arranged between parents, staff and administration.

Recording Policy

Students are prohibited from making audio or video recordings on schools grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a

school employee or by his or her designee, or at a school-sponsored activity or athletic event except as provided in this policy or as otherwise required by law.

Classroom Recordings. Students may make audio recordings of classroom lectures, discussions, or activities:

- (1) For their convenience after providing notice to the classroom teacher and receiving the teacher's permission;
- (2) For the benefit of another student who is absent after providing notice to the classroom teacher and receiving the teacher's permission;
- (3) If recording is necessary to accommodate the student's disability and is required by the student's Individualized Education Plan (IEP) or Section 504 Plan.

Students and their parents or guardians should assume that any class in which students are enrolled may be recorded by the school district or other students.

Non-classroom Recordings. Students may make audio or video recordings pursuant to this policy outside the classroom only with the permission of a teacher or school administrator, provided that such recordings otherwise comply with any applicable state and federal laws.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term "custodial parent" refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students' records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent's request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Student Photograph and Video Policy

The school district generally prohibits students from taking photographs or making video recordings on school grounds, in a school vehicle, or at a school event except as provided in this policy or as otherwise required by law. Students may take photographs and make video recordings only after receiving permission from their building principal. An exception will be made to this policy if photographs or video recordings are necessary to accommodate a student's disability or are required by the student's Individualized Education Plan (IEP) or Section 504 Plan. In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

The school district shall maintain student records and reports as are necessary for effective administration and in compliance with law. In general "student records" shall not include transitory communications such as e-mail, text messages, handwritten communication between school and home and the like, and these items will not generally be maintained by the district.

Each building principal will assign responsibilities for the preparation and maintenance of pupil records and will establish rules and regulations regarding their storage and use in the building.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers

who are providing educational services to a student on behalf of the School District. "School administrators" include attorneys, members of law enforcement acting on behalf of the school district as well as third-party website operators who have contracted with the school district or its agent to offer online programs for the benefit of students and the district. No other person shall have access thereto nor shall the contents thereof be divulged in any manner to any unauthorized person. All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent.

The school district shall share student data, records, and information with school districts, educational service units, learning communities, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

Confidentiality in Counseling and Guidance.

The school district provides students with a certificated school guidance counselor. Information that students provide to counselors is confidential but not legally privileged. The counselor will attempt to respect the privacy of student disclosures, but will share all relevant information with other education professionals as appropriate or as directed. The counselor will also contact parents and law enforcement officials as appropriate.

Records of the counseling relationship, including interview notes, test data, correspondence, tape recordings and other documents, are to be considered professional information for use in counseling, not part of the student's education record.

When a counselor is in doubt about what information to release, he or she should discuss the matter with the building principal or with the superintendent.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

Name and grade, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of

attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user). Directory information does not include a student's social security number.

Directory information about students may also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses and telephone listings of high school students unless parents have notified the school district that they do not want this information disclosed without prior written parental consent.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district no later than August 23, 2013.

Non-Directory Information

All of the other personally identifiable information about students that is contained in this school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Tardiness

Students who are tardy to class have a negative affect, not only on their class work, but also upon the work of other students by disrupting the class session upon their entrance into the classroom. In order to provide for more time on task by all students the following procedure is instituted for handling of tardy students.

In addition to classroom rules set by the teacher regarding tardies, 3 tardies will equal one absence in the class. A tardy is defined as being late to class without a valid excuse. A student who is tardy longer than 15 minutes will be issued an absence for that class period by the teacher. The absence may be an excused absence or may be an unexcused absence according to the teacher's guidelines.

Teacher Parties

Students planning a birthday party for a teacher need to talk to the principal before making plans. The principal will inform the students about teacher party guidelines.

Telephone Calls

Unless an "emergency" arises, students will not be given permission to use the phone. If a teacher gives permission, the office secretary will make the call. Also, the secretary will dial all long distance personal calls for students and charges may be reversed.

Parents are asked not to call, except to leave a message, unless it is an emergency. The office will take a message and relay it to the student. The phone in the office is a business phone and should not be used for friendly chats.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students and parents are urged to immediately report to a member of the administration any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment. Students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

TITLE I

SOUTHERN PUBLIC SCHOOLS POLICY ON PARENTAL INVOLVEMENT IN THE TITLE 1 PROJECT

Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.

Southern Public Schools agrees to implement the following statutory requirements:

Southern Public Schools will put into operation programs, activities and procedures for the involvement of Southern Elementary parents in Title 1, Part A programs, consistent with section 1118 of the Elementary and Secondary Education Act (ESEA) and No Child Left Behind (NCLB). The programs, activities and procedures will be planned and operated with meaningful consultation with parents of participating children.

Consistent with ESEA and NCLB, Southern Elementary will work to ensure that the required parent involvement policy meets the requirements of ESEA, and includes a school-parent compact consistent with section 1118(d) of ESEA.

Southern Public Schools will include this district wide parental involvement policy into its LEA comprehensive plan developed under section 1112 of ESEA.

In carrying out the Title 1, Part A parental involvement requirements, Southern Public Schools and Southern Elementary will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required by ESEA and NCLB in an understandable and uniform format and, including alternative formats upon request, and, to the extent practicable, in a language parents understand.

If the LEA plan for Title 1, Part A is not satisfactory to the parents of participating children, Southern Public Schools will submit any parent comments with the plan when the district submits the plan to the Nebraska Department of Education. Southern Public Schools will involve parents of children served in Southern Elementary's Title 1 program in decisions about how the Title 1, Part A funds reserved for parental involvement are spent.

Southern Public Schools will be governed by the following statutory definition of parental involvement, and expects that Southern Elementary will carry out programs, activities and procedures in accordance with this definition:

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—

(A) that parents play an integral role in assisting their child's learning;

(B) that parents are encouraged to be actively involved in their child's education at school;

(C) that parents are full partners in their child's education and are included, when appropriate, in decision-making and on advisory committees to assist in the education of their child;

(D) the carrying out of other activities , such as described in section 1118 of the ESEA.

Southern Public Schools will take the following actions to involve parents in the joint development of its district wide parental involvement plan under section 1112 of the ESEA:

Southern Public Schools shall convene three meetings (Fall, Winter, and Spring) to which all parents of Southern Elementary children shall be invited. The purpose of these meetings is to explain to parents the program and activities provided with Title I funds; inform parents of their right to consult in the design and implementation of the Title 1 program; discuss and review the parent policy and school compact; and provide parents an opportunity to establish mechanisms for maintaining ongoing communication among parents, teachers and administration. A Parent Involvement Committee will be established at the Fall meeting with willing parents as members with the intent to plan, participate and direct parent involvement activities.

Southern Public Schools will build the schools' and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among Southern Elementary, parents, and the community to improve student academic achievement, through the following activities specifically described below.

(A) Southern Public Schools will, with the assistance of Southern Elementary, provide assistance to parents of children served by the school district or school, as appropriate, in understanding topics such as the following, by undertaking the actions described in this paragraph—

- Nebraska's academic content standards,
- Nebraska's student academic achievement standards,
- Nebraska and Southern Public Schools academic assessments including alternate assessments,
- Requirements of Part A,
- How to monitor their child's progress, and
- How to work with educators.

(B) Southern Public Schools will, with the assistance of Southern Elementary, provide materials and training to help parents work with their children to improve their children's academic achievement, such as literacy training, and using technology, as appropriate, to foster parental involvement, by:

(C) Southern Public Schools will, with the assistance of Southern Elementary and parents, educate its teachers, pupil service personnel, principals and other staff, in how to reach out to, communicate with, and work with parents as equal partners, in the value and utility of contributions of parents, and in how to implement and coordinate parent programs and build ties between parents and schools.

(D) Southern Public Schools will, to the extent feasible and appropriate, coordinate and integrate parental involvement programs and activities with Head Start, Reading First, Even Start and Southern Developmental Preschool and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children, by:

(E) Southern Public Schools will take the following actions to ensure that information related to the school and parent-programs, meetings and other activities, is sent to the parents of all children in an understandable and uniform format, including alternative formats upon request, and, to extent practicable, in a language the parents can understand.

(F) It is Southern Public Schools' responsibility to provide high-quality curriculum & instruction to enable children to meet state academic achievement standards.

Title I Supplement, Not Supplant Policy

The district will use Title I funds to Supplement, Not Supplant, state and local funds that would, in the absence of Title I funds, be spent on Title I programs. The district will ensure that Title I funds will not be used to provide services which otherwise take the place of public education services that are to be provided to all students.

The district maintains records of the professional development provided at the district level that is funded with Title I funds. The Superintendent will ensure that professional development is aligned with the needs of the district's Title I programs. Title I professional development will not duplicate that which the district provides for non-Title I purposes which, in the absence of Title I funds, would be provided to all staff.

Title IX Notice

It is the policy of Southern School District #1 not to discriminate on the basis of sex in the educational programs, activities, or programs as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to: Mr. Jeff Murphy, 115 S. 11th Street, Wymore, NE 68466. Telephone: (402) 645-3326 or to the Director of the Office for Civil Rights, Department of Education, Washington, DC.

Transportation Services

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. The Elementary Principal will schedule bus routes, and questions concerning them should be directed to that office.

BUS REGULATIONS AND DISCIPLINE

All students in the Southern Public Schools who ride a bus to school are subject to regulations until they get off at their school or the bus stop near their home. Any misbehavior, which distracts the driver, is a very serious hazard to the safe operation of the bus, and as such, jeopardizes the safety of all the passengers. Students must understand that riding the bus is a privilege, not a guaranteed right, provided by the district.

Students riding the bus will have a set stop in the morning and afternoon. We will not deviate from the set stop. If your student needs to go somewhere else afterschool (that is not their set stop) you will need to make other arrangements, only emergency situations will be considered by the administration and or transportation director. Normal designated stops are the Elementary and High school locations or the student's assigned stop.

1. Driver is in charge of the pupils and the bus. Pupils must obey the driver promptly.
2. Pupils must be on time. The bus cannot wait beyond the regular scheduled time.
3. Pupils should never stand in the roadway while waiting for the bus.
4. Unnecessary conversation with the driver is prohibited.
5. Pupils must not try to get off the bus, or move about within the bus while it is in motion.
6. Pupils must observe instructions from the driver when leaving the bus.
7. Any damage to a bus by a student must be paid for by the student responsible for the damage.
8. Glass items are to be protected against possible breaking and injury to riders.
9. Pupils must not at any time extend arms or head out of bus window.
10. The driver will not discharge riders at places other than the regular bus stop near the home, or at school.
11. Inflated balloons are not allowed on the bus.
12. Except for ordinary conversations, classroom conduct is to be observed along with all School District #001 rules and regulations.

Common School Bus Infractions:

*Defiance of School Rules Talking at R.R. Crossings Profanity
Refusing to Obey Driver Throwing Objects Out of Bus
"Horseplay" Failure to Remain Seated Throwing Objects on Bus
Disrespect to Others Bothering Others Hanging Out of Windows
Loud Distracting Talk /Noises*

If a student is cited and officially written up (school bus incident report) for any of the above infractions the following procedure may happen:

- 1st OffenseParents are notified.
2nd OffenseConference with the Principal. Permanent assigned bus seat.

- 3rd OffenseStudent will be removed from riding the school bus for one week (5 school days).
- 4th OffenseStudent will not be allowed to ride the school bus for thirty (30) school days.
- 5th OffenseStudent will not be allowed to ride the bus for the remainder of the school year.

Disciplinary action will be taken when students fail to follow any of the above rules and regulations, which by the severity of the infraction, may result in “immediate” suspension from the bus by decision of the Superintendent and/or the Principal.

USE OF BUSES

It is the policy of the school to use buses for transportation of students to activities away from school. The only exception is when small groups attend meetings, which require the use of only one or two cars. When a student or students ride a school vehicle or a school approved vehicle to a school sponsored function, they must ride home on that vehicle, unless they are released into the custody of their parents or legal guardian under one (1) of the following conditions.

1. The parent or legal guardian (in person) gives a written note to the activity sponsor at the site of the activity.
2. The activity sponsor has been notified by the Principal or Superintendent, that the student is to be excused from riding home on the school vehicle.

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs or any other controlled substance on the vehicles.

- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Student must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless emergency extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend,

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor which has been signed by that student's parent.

Student Transportation

It is the district's policy to provide bus or van transportation for students participating in school activities. Occasionally, however, students may need to be transported in private vehicles driven by teachers, coaches or parents. Students must ride in school provided transportation to participate in the activity.

When a student, or students ride in a school vehicle or a school approved vehicle to a school sponsored function, they must ride home in that vehicle unless they are released into the custody of their parent or legal guardian under one (1) of the following conditions.

1. The parent or legal guardian (in person) gives a written note to the activity sponsor at the site of the activity.
2. The activity sponsor has been notified by the principal or superintendent, that the student is to be excused from riding home in the school vehicle.

Option enrollment students may be eligible for reimbursement of transportation costs to attend school. Interested parties are to contact the office of the superintendent of schools to obtain further information.

Video Surveillance

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Visitors

All visitors (this does not include registered students or Southern Board of Education members) who are not employed by the Southern School District who enter the elementary & secondary buildings must go immediately to the principal's office. All persons must then sign their name on the ledger provided at the main desk including arrival time. Upon departure from the building they are to note on the ledger the time

that they are exiting the building. This procedure is to be followed between the hours of 8:00 am and 4:00 pm.

Any visitor who will be leaving the principal's office to go to other areas in the building must be issued a visitor's pass, which the visitor must display when in the building. This pass must be returned to the Principal's office at the time the person exits the building.

On special event days, like the Grandparents Luncheon, Awards Ceremonies, and other special activities etc. the above does not apply.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to snow or ice. School closings will be announced on a public announcement that can be found on **KWBE** and **KNDY** Radio, **KOLN/KGIN-TV** Channel 10, **KLKN-TV** Channel 8, **the Southern Public School's IRIS Alert system and the district web site.**

Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

Withdrawal From School

Students who are moving from the district must notify the school office.

Work Permits

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

Work Release

A work release option is available to seniors who are meeting and who continue to meet requirements for graduation in their senior year. The purpose of this program is to allow students school time to work at some type of a business to further their employability skills. A complete set of guidelines is available from the high school counselor or principal.

SECTION TWO

ACADEMIC INFORMATION

Class Rank

Class rank will be determined by the order of academic grade point averages for students in each class. The percentage grades received in courses will be averaged by points each semester to determine the cumulative grade point average of each student.

The cumulative grade point averages in each class will be ranked, and the student with the highest grade point average will be ranked number one.

Grade point average (GPA) is determined by four years of high school academic work. All courses will be included in the grade point average.

Students who transfer into the school district will have their grades evaluated on the district's grading system.

Credit for Non-Academic Work

Credit is not awarded for participation in extracurricular activities such as sports, speech, drama, etc.

Correspondence and Online Courses

Under certain circumstances, the school district will reimburse students for the cost of tuition, textbooks and other mandatory class materials for high school correspondence or online courses that are not part of the school district's regular curriculum. To receive reimbursement, the student must: 1) pay all initial course costs when he/she registers for the course; 2) select a course that is not available in the school curriculum, nor is any comparable course available; 3) register for the course during a specific school period; 4) have a faculty member designated as course monitor; and 5) complete the course during the regular school semester(s).

The district will not be liable for the costs of such courses until the student has successfully completed the course according to the established timelines. After the student has completed the course and the district has reimbursed the student for these costs, the textbooks and class materials shall become the property of the district.

The elementary school grading system is as follows:

The Superintendent and/or Elementary Principal shall determine the grade in which a pupil shall be classified. The final report of school-marks for the year shall state the grade in which the pupil will be placed at the beginning of the following term.

The promotion of a pupil from one elementary grade to the next higher grade will generally be based upon the achievement of the pupil - that is upon the pupil's grades. Factors other than grade averages may be considered in the case of a pupil whose achievement level is not satisfactory. In each instance when a teacher questions the advisability of promoting a pupil, the matter will be referred to the Elementary Principal, and if deemed necessary, the Superintendent, will confer and consider all the factors concerning the pupil before the question of promotion or retention of the pupil is decided.

The Elementary Principal and/or Classroom Teacher shall be responsible for notifying parents of children in jeopardy or being retained. This shall be done as early as possible.

A "NEW" student in our school system will be placed by the Superintendent and/or Elementary Principal in the grade in which that pupil was classified in his/her previous school. However, after an appropriate period of time, the Superintendent and/or

Elementary Principal retain the right to reassign a student to a grade level, class, or teacher most appropriate for the academic, social, and emotional development.

Grade placement of students transferring from an approved or non-approved school (home-schooled) shall be the responsibility of the Superintendent, Elementary Principal, or Board of Education in instances where procedural due process is present.

The following criteria shall also be used in making this determination:

1. Formal testing/achievement test scores/grades.
2. Student's chronological age/emotional and physical maturity of the student.
3. Student Assistant Team recommendations.

Grading System

Kindergarten A - Almost Always

Grades 2 - 6 Grading will be based on percent; the following scale will be used:

A+ 99 – 100

C- 78-79

A 95 – 98

D+ 76-77

A- 93 – 94

I Incomplete(s)...will be given when a

C+ 83 – 84

student's work for nine week period is not

C 80 – 82

complete. Failure to complete unfinished work

in the following nine-week period will result in the failing of that subject.

Grading in the areas of Reading, Language and Spelling

Letter grades will be assigned to students in the areas of Reading, Language and Spelling when a student enters second grade AND is enrolled in *Reading Mastery 3+* (or higher), *Reasoning & Writing C* (or higher) and *Spelling Mastery A* (or higher).

All students will also be assigned a Proficiency Level in the areas of Reading and Language based on their placement in the curriculum/program.

The Proficiency Levels are as follows:

Beginning: Well below grade level expectations

Progressing: Slightly below grade level expectations

Proficient: Meeting grade level expectations

Advanced: Exceeding grade level expectations

Alternative grading may be used for students with IEP, as decided by the students IEP team.

Reporting Grades and Student Performance

1. Reporting of grades is done on a quarterly system. Grade reports will be done at the end of each nine-week period. At the end of the school year, "report cards" will be held in the office until all bills and fines are paid (i.e. library fines, textbook fines, lunch bills, etc.)
2. Mid-Quarter Scholastic Reports are also a part of our system of indicating pupil progress. These reports will be mailed/sent home with students during the fifth week of nine week period.
3. Another method of reporting to parents, and the one that best reports the pupil's social and academic progress, is the "Parent-Teacher Conference." Conferences will be held during the first and second semesters.

This may be the closest contact that teachers have with the parents of their students, and should serve as a means of better understanding the students with whom they are working.

The Junior/Senior High School Grade System will be as follows:

Grading System/ Honor Roll

The Southern grading system is based upon percentage.
The percentage grades relate to letter grades as follows:

99-100	A+	90-92	B+
96-98	A	87-89	B
93-95	A-	85-86	B-
83-84	C+	75-77	D+
80-82	C	72-74	D
78-79	C-	70-71	D-
69/Down	F	Incomplete	I

An Incomplete may be given when a student's work for the marking period is not complete. Unfinished work must be completed according to guidelines established by the teacher and the administration. Failure to meet the guidelines may result in failing the course.

A student whose grade point average for the marking period falls between 93.00 and 95.99 will be named to the Honor Roll. A student whose grade point average meets or exceeds 96.00 will be named to the Superior Honor Roll. A grade of lower than 85 (B-) in any course disqualifies a student from inclusion in the honor roll.

Should a student drop a class for any reason other than a documented medical reason after the second week in the first or second semester, the student will be issued the grade, if failing at that time. This grade will be calculated in the student's overall Grade Point Average at the end of the semester. Should a student drop a class for reasons other than for a medical reason in which they have a passing grade after the second week of the first or second semester, the student will be issued a 69% which will be computed into the students overall Grade Point Average at the end of the semester.

Pass/Fail Option

Students who have acquired at least 120 credits will have the option of taking one class per semester on a Pass/Fail basis. The purpose of this program is to:

1. Encourage students to "stretch" academically by pursuing challenging work that might not otherwise pursue, such as a semester of calculus or the fourth year of a foreign language.
2. Encourage students to take courses outside their strength areas.
3. Relieve grade pressures in certain nonacademic and/or skills courses.

Students who have earned 120 credit hours and have an accumulative grade point average of 82 or higher may elect to take one course each semester on a pass/fail basis.

Courses taken pass/fail may not be used to fulfill graduation requirements except as electives.

Pass is defined as 70% or higher. Students will receive a "P" on their transcript and an assigned credit will be recorded. It will not be included in the computation of the GPA.

Fail is defined as 69% or lower. Students will receive a "F" on the transcript and no credit will be recorded. The numerical grade will be included in the computation of the GPA.

Students must declare the pass/fail grading option **by** the end of the 8th week of the semester. Once the pass/fail option has been elected students may not request a change back to traditional numerical grades.

Teachers will grade pass/fail students in the same manner as all other students but will issue only a "P" or "F" on the students' report card.

Credit Appeal - High School

1. Students who are absent from school more than ten (10) days or who miss a class more than ten (10) times in a semester will be placed in a non-credit status. Grades will be recorded for classes, but the student may not receive credit toward graduation.

2. A record of a student's absences will begin upon the first day of enrollment in school. Students who attended the Southern Public School System at the end of the previous school year will be considered enrolled on the first day of school.
3. Absences from classes for school activities will not count within the ten (10) day limit. Students must make up work for classes prior to being excused for these activities. Absences caused by administration, counselor or teachers will not count unless the absence is due to disciplinary problems. The principal will make the final determination if the absence is to count as one of the ten days.
4. Parents or guardians of high school students will be notified by mail of the possibility of loss of credit after their son/daughter has missed five days of school in a semester. Once a student has missed five days of school in a semester, administration may require a doctor's, dentist's or other note for verification of appointments.
5. A student placed in a non-credit status may appeal his/her academic status to the teacher of the class. The student and/or parent must file the appeal on the form available in the counselor's office. The final determination for the student to receive credit will be made by the principal if the teacher recommends that the student receive credit.
6. Appeal forms will be available to students the last week of the first and second semesters. These forms must be filled out by the student and given to his/her teacher. After the teacher fills out the form, the student is to return the form to the guidance counselor by the last student day of each semester to be eligible for credit. If a student is denied credit for a class, a copy of the form will be sent to the parents.

Credit Appeal – Jr. High School

1. Junior high students who are absent for more than ten (10) school days in a semester will be reviewed for possible retention in that grade at the end of the school year.
2. Parents of junior high students will be notified by mail after five (5) absences have occurred during the semester.

Registration For/Withdrawal From Classes

Students will receive assistance from the guidance counselor and the administration in selecting schedules of classes appropriate to the students' goals and abilities. A student may change classes only with the consent of the Principal and the Guidance Counselor. All students are to register for seven class periods.

Students repeating a course will receive the higher of the two grades earned. Only in unusual circumstances will a student be allowed to repeat a course previously passed.

If it becomes necessary for a student to withdraw from school, for whatever reason, the office must be notified. Books must be checked in and any outstanding student bills must be paid. In the case of a student transferring to a new school, the student's transcript will be sent to the new school as soon as the student is properly check out and requests that the transcript be sent.

Students interested in taking courses by correspondence for either high school or college credit should see the guidance counselor.

Graduation Requirements

Graduation from Southern High School requires that students must earn all credit hours before the time of graduation. Students will not be permitted to participate in Commencement Exercises if they have not successfully completed all credit hours and paid all bills before the Commencement Exercises. Students must have completed 230 credit hours including credits in required areas as listed below:

Minimum course requirements for graduating class of 2014 are:

English	40 credits
Mathematics	30 credits
Science	20 credits
Social Studies	20 credits
Physical Education	5 credits
Business Education	10 credits

Beginning with the class of 2015 the minimum course requirements for graduation are:

English	40 credits
Mathematics	30 credits
Science	30 credits
Social Studies	30 credits
Physical Education	5 credits
Business Education	10 credits

Remaining credits are considered to be electives and may be chosen by the student.

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multi-Disciplinary Team and/or school staffing

teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

Early Graduation Administrative Procedure

A Student who wishes to graduate from high school in less time than the ordinarily eight (8) semesters, grade 9-12 sequence, must request permission to complete graduation requirements on an alternate schedule.

The district does not conduct a midyear graduation ceremony. However, students who have completed the requirements set by the Board of Education for graduation by the end of the first school week in January may participate in the graduation exercises held in the spring of the current school year.

Students who elect to graduate early are not allowed to participate, as a student, in any other school activities once the second semester begins.

Should a student opt to not participate in the graduation exercises, the student will receive his/her diploma from the principal's office. The diploma will be ordered once all requirements for early graduation are completed. Upon receipt of the diploma, the diploma will be issued to the student.

In order to graduate at mid-term, a student must follow these guidelines:

- A. The student must have completed all graduation requirements by the end of the first school week in January.
- B. The student must submit a letter of request addressed to the Southern Board of Education, signed by both the student and his/her parents by November 1, of the school year of intended graduation.
- C. The student and his/her parent or guardian must appear at a Board of Education meeting prior to the regularly scheduled December Board of Education meeting with a verbal request for permission to graduate early. At this Board of Education meeting the student must relate to the board their intention concerning participation in the spring graduation exercises.
- D. The student must turn in all books and other equipment and pay all fines or fees by the end of the first week in January.

JUNIOR HIGH PROMOTION REQUIREMENTS

For a student to be promoted from Grade 7 into Grade 8 and from Grade 8 into Grade 9 the student should received ten (10) credits during the school year. To obtain a credit a

student must have received a passing grade (70% or higher) in the class. Full credit classes meet daily for the full period. Half credit classes meet every day for less than the full period.

WEB-SITE VIEWING OF STUDENT GRADES AND ATTENDANCE

Parents and students may view their grades and attendance through the schools Power School computerized program and the schools Web-Site. Parents will be given passwords per the parent's request to allow the viewing of their student's grades and attendance. These passwords must be kept confidential. Should anyone be found tampering with the system or using the system in an unlawful manner, such persons will be subject to any such criminal prosecution as provided by law and future access to the systems will be denied.

Normally teachers are to have grades posted within four days of the due date of assignment. However, in some cases such as term papers, book reports, lengthy projects, this may not be viable. Once the systems is in full use, please direct any questions immediately and directly to the building principal.

Homework

Classroom teachers will often assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student. Normally, at least an hour a day should be spent in preparing for an average assignment.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers and consult with the principal and/or the guidance counselor.

Report Cards

Report cards are sent home the week following the end of the nine-week reporting period. Mid-quarter reports are also sent to parents of students who are having difficulty in an academic subject.

Semester Examinations

Semester tests may be given in all high school classes.

3:40 PM Mandatory Study Center

In an effort to prevent Southern students from failing to attain the required credits for promotion into the next grade level, Southern has a required study center for 7, 8, 9 and 10 grade students. This study center is an extension of the student's school day.

Students who are failing two or more classes will be assigned to a study center room which begins at 3:40 p.m. and will end at 4:10 p.m. Students will be required to attend the study center each day until they are no longer failing two or more classes. A list of students will be prepared on Tuesday and students will be informed if they are on this list. Students are required to bring work with them when attending the study center. Failure to attend the assigned study center and failure to follow all study center rules will result in a four hour Saturday School assignment.

SECTION THREE

STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extra curricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary

measures; and a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

Detentions and Saturday School

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

204 Detentions

- 204 detentions are assigned to students who fail to attend an assigned teacher detention or receive a detention outside of the classroom (hallway, restrooms, commons area, etc.) for inappropriate related behavior. 204 detentions are assigned for 30 minutes, from 3:40 pm until 4:10 pm on the day following the original detention. Students who arrive late to the detention may not be able to serve the detention. Late students are admitted only at the 204 supervisor's discretion.
-
- Homework or appropriate reading or working materials must be brought by the student. Sleeping is not allowed during 204 detentions. Students who fail to bring these materials or who decide to sleep will be dismissed from the room and will be issued a Saturday School.
-
- Students who are assigned to a 204 detention will receive a copy of the detention notice which will list the date and the reason for the assignment. Should a student have a medical appointment he/she must bring back a slip from the medical facility verifying the appointment. The student will then be administratively assigned a 204 detention on the next school day of attendance.
-
- Should a student be in attendance in school and not attend a 204 assigned detention, or arrive late to a 204 detention and not be admitted to the detention due to tardiness, that student will be assigned a four (4) hour Saturday School. Should the student not attend the assigned Saturday School, the student will be suspended from school for two days. (Please see the section in the handbook entitled ***Saturday School Policy***).

Work Detentions

- Students who choose not to do assigned work will be assigned a work detention. Work detentions must be served on the day that it is given. The work detention is designed to allow students time to make up work that they have not completed and therefore they will not receive zeros. If a student chooses not to serve a work detention, the student will receive a classroom detention. If the student chooses not to serve the classroom detention, the student will receive a 204 detention.

Saturday School

A Saturday School program has been developed at Southern Elementary and Jr./Sr. High School for the purpose of deterring behaviors by students interfere with their learning process or the learning process of other students. Southern Schools believes, that with the addition of this process, all students will have a better opportunity to achieve in the classroom.

Saturday School begins at 8:00 a.m. and will be held approximately twice per school year month as decided by administration. Students who have been assigned to Saturday School, who do not attend or follow rule stipulations, will be issued a **two-day** out of school suspension.

Possible Situations For Saturday School Assignments

The following list of offenses is by no means complete. Saturday School time may also be assigned for violations of school policies not listed. Short-term suspension, long-term suspension or expulsion may be used in lieu of Saturday School.

A student will not be permitted to attend more than four (4) Saturday Schools during the school year. Any subsequent Saturday School beyond the four will result in suspension from school or possible expulsion from school depending upon the student's current disciplinary status.

The decision to assign a student to Saturday School will be made only by the Principal or a designee so named by administration.

Parents will be notified by mail or by a telephone conference when their son/daughter has been assigned to Saturday School.

A student is limited to four Saturday School assignments during the school year. After the issuing of four Saturday Schools, the student will be suspended from school for any violation which normally would have incurred a Saturday School.

Students who receive more than **4 full detentions (a full detention is defined as a detention which lasts for at least 15 minutes)** in any quarter period of the school year will be assigned a Saturday School. **Each subsequent detention during the quarter period will result in the student receiving another Saturday School.**

Students who miss a **full** detention in Room 204 will be assigned a Saturday School.

Students who miss mandatory study center without prior approval from the principal.

Disruptive behavior in a classroom which requires the removal of the student from the classroom. (time to be decided by administration.)

Refusal to comply with or cooperate with a faculty, staff or administration member's reasonable standard of behavior or request.

Unexcused absences from school.

Vandalism to school property or to individuals' property located on school grounds.

Theft.

Leaving school without following the established procedures.

To make up time for excessive absences from school.

Threatening or intimidating any student or group of students.

Any behavior which disrupts the learning climate which could include behaviors exhibited during the passing of classes.

Student Responsibilities During Saturday School

1. Saturday School begins at 8:00 a.m. Students may enter the building at 7:55 a.m. Doors will close at 8:00 a.m. and any students who arrive late for any reason **may** not be admitted. Saturday School will end at 12:00 Noon. All school rules are still in effect during Saturday School. The student will be issued a **two-day suspension if he/she misses the Saturday School.**
2. Homework or appropriate reading or working materials must be brought by the student. Sleeping is not allowed during Saturday School. Students who fail to bring these materials or who decide to sleep will be dismissed from the room and will be issued **a two-day** suspension beginning the next school day.
3. Students receive a five minute restroom or locker break after the first two hour period.
4. Once the student has completed his/her assigned time, they are to leave the building immediately.
5. Stereos, radios, cellular telephones or other electronic devices are not allowed.
6. Students are not to bring food, candy, pop or any other beverage to Saturday School.
7. Talking or other disruptions will not be tolerated. Disruptive behavior will result in the student being removed and the student will be dismissed from the room and will be issued a two-day out of school suspension beginning the next school day.

Note: Students and parents are responsible for transportation to and from Saturday School. Lack of transportation to the assigned Saturday School is not an excuse for missing the assigned time.

If inclement weather exists which would prohibit the student from attending or cause the student to be in a precarious situation during transportation, the parent must contact the principal, athletic director or superintendent prior to 7:45 a.m. on the morning of the assigned Saturday School. The student will then need to attend Saturday School on the next scheduled date.

Illness will only be excused if the parent contacts the principal, athletic director or superintendent by 7:45 a.m. on the day the student is assigned to Saturday School. A medical doctor's note must be presented stating that the student was physically unable to attend the Saturday School. This must be done by 8:10 a.m. on the next school day. The student will then be assigned to attend the next Saturday School session.

Saturday funerals will be accepted as an excuse. The parent must contact the principal by 7:45 a.m. on the day the student is assigned to Saturday School. The student will then be assigned to attend the next Saturday session.

In-School Suspension

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Emergency Exclusion

Subject to the procedural provisions of section 79-265, any student may be excluded from school if (a) the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community, or (b) the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described in subparagraphs a and b above. In the event it is appropriate to consider the extension of an emergency exclusion of a student for more than five school days, pursuant to the Student Discipline Act, the principal has the authority to exclude a student from school for five school days on an emergency basis. If the superintendent or his or her designee determines that the emergency exclusion must extend beyond five days, a hearing will be held according to procedures set forth below:

Notification of Student's Parent(s) or Guardian(s). The superintendent or the superintendent's designee shall notify the student's parent(s) or guardian(s) that the principal has proposed the extension of the exclusion. If the initial notice is oral, the superintendent shall confirm it in writing.

Opportunity to Request a Hearing. The student's parent(s) or guardian(s) may submit an oral request for a hearing on the proposed extension of the exclusion within two school days of receiving the initial notice. If the initial request for a hearing is oral, they shall confirm the request in writing.

Failure to Request a Hearing. If the parent(s) or guardian(s) do not request a hearing within two school days of receiving oral or written notice, the proposed extension of the exclusion shall automatically go into effect.

Appointment and Qualifications of a Hearing Examiner. If the parent(s) or guardian(s) request a hearing, the superintendent shall appoint a hearing examiner upon receiving a request for a hearing. The hearing examiner may be any person who did not bring charges against the student, is not to be a witness at the hearing and has no involvement in the charge.

Hearing Examiner's Notice to Parent(s) or Guardian(s). The hearing examiner shall promptly give written notice of the time, date and place of the hearing. The hearing will be held within five school days after the school district receives the initial oral or written request; provided, the hearing may be held more than five school days after the receipt of the request upon a showing of good cause. No hearing will be held on less than two (2) school day's notice unless otherwise agreed to by the student's parent(s) or guardian(s) and school officials.

Continued Exclusion. If a hearing is requested, the principal may determine in his or her sole discretion that the student shall remain excluded from school until the hearing officer makes a recommendation to the superintendent.

Examination of Student's Records and Affidavits. Prior to the hearing, the student and his/her parent(s) or guardian(s) shall have the right to examine and have school officials explain the student's records and any affidavits that will be used by school officials at the hearing.

Attendance at Hearing. The hearing may be attended by the hearing examiner, the principal (or designee), the student, and the student's parent(s) or guardian(s). The student may be represented at this hearing by a representative of the family's choice.

Student Witness(es). The student and his/her parent(s) or guardian(s) may ask any person with knowledge of the events leading up to the sanction or with general knowledge of the student's character to testify on behalf of the student. If school personnel or other students are requested to testify by the student's parent(s) or guardian(s), the hearing officer shall endeavor to help obtain the presence of such witnesses at the hearing.

Right to Know Issues and Nature of Testimony. The student and his/her parent(s) or guardian(s) have the right to request in advance of the hearing the issues which the administration will propose in support of the extension, and the general nature of the testimony of any administrative or expert witnesses.

Presence of Student and Witnesses at the Hearing. The student and witnesses may be excluded at the discretion of the hearing examiner in accordance with state statutes. The student may speak in his/her own defense and may be questioned on such testimony, but may choose not to testify.

Sworn or Affirmed Testimony. The principal or his or her designee shall present evidence supporting the recommended extension of the exclusion. Witnesses will give testimony under oath of affirmation, and may be questioned.

Hearing Examiner's Report and Recommendations. The hearing examiner shall prepare a report of his or her findings and recommendations, and forward the report to the superintendent.

Superintendent's Decision. The superintendent will review the hearing examiner's report and determine whether to extend the exclusion. He or she shall have the decision delivered or sent by registered or certified mail to the student, student's parent(s), or guardian(s). If the superintendent decides to extend the exclusion, the extension will take effect immediately.

Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his parent or guardian.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Short-Term Suspension

The Principal or the Principal’s designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal or the Principal’s designee shall make a reasonable investigation of the facts and circumstances. In addition, such short-term suspension will be made only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he/she is accused of having done, an explanation of the evidence the authorities have, and an opportunity to explain his/her version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student and the student’s parent or guardian, describing the student’s conduct, misconduct or violation of the rule or standard and the reasons for the action taken. The student and his/her parent or guardian will be given the opportunity to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.
4. Students who are short-term suspended will/will not be given the opportunity to complete classwork, including but not limited to examinations, under the following conditions:_____.

Long-Term Suspension

The Principal or the Principal’s designee may exclude a student from school or any school function for a period of 6 to 19 school days (long-term suspension) based on

conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is hereinafter set forth.

Expulsion

- 1. Meaning of Expulsion.** Expulsion shall mean exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within 10 school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within 10 school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

- 2. Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

- 3. Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program and to such other consequences which the school district deems appropriate. In lieu of other authorized educational programs to which the student may be assigned, such school, class, or program may be offered as a community-centered classroom and may include experiences for the student as an observer or aide in governmental functions, as an on-the-job trainee, and as a participant in specialized tutorial experiences or individually prescribed educational and counseling programs. Such programs shall include an individualized learning program to enable the student to continue academic work for credit toward graduation. At the conclusion of the designated period: (1) if the student has satisfactorily participated in the school, class, or program to which such student has been assigned, the student shall be reinstated and permitted to return to the school of former attendance or to attend other programs offered by the district; and action to

expunge the record of the expulsion action may be taken at the discretion of the Superintendent or his or her designee, or (2) if the student's conduct has been unsatisfactory, the expulsion action shall be enforced. The Principal or the Principal's designee shall make the determination whether or not the student's participation and conduct has been satisfactory.

- 4. Students Subject to Juvenile or Court Probation.** Prior to the readmission to school of any student who is less than 19 years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal's designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal's designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may, with proper consent upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment:

The following student conduct shall constitute grounds for long-term suspension, expulsion, or mandatory reassignment, subject to the procedural provisions of the Student Discipline Act, NEB. REV. STAT. § 79-254 through 79-296, when such activity occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event:

In addition, if a complaint has been filed by a prosecutor in a court of competent jurisdiction alleging that the student has sexually assaulted or attempted to sexually assault any person, including sexual assaults or attempted sexual assaults, the student is subject to suspension, expulsion, or mandatory reassignment regardless of where the conduct took place. For purposes of this subdivision, sexual assault shall mean sexual assault in the first degree and sexual assault in the second degree as defined in sections 28-319 and 28-320, as such sections now provide or may hereafter from time to time be amended;

This provision will be enforced for conduct that occurs off school grounds if it causes or may reasonably be expected to cause a substantial interference with school purposes; or
18. Repeated violation of any rules and standards validly established by the Board of Education or school officials if such violations constitute a substantial interference with school purposes.

In addition, a student who engages in the following conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:

1. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
2. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.

Firearms. No person may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy.

Definition of a Firearm. The term “firearm” as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms. The prohibition against firearms does not apply to:

1. The issuance of firearms to or possession by members of the armed forces of the United States, active or reserve, National Guard of this State, or Reserve Officers

Training Corps or peace officers or duly authorized law enforcement officers when on duty or training; or

2. Firearms that may lawfully be possessed by a person who is receiving instruction at the school under the immediate supervision of an adult instructor;

3. Firearms which may lawfully be possessed by a person for the purpose of using them, with the approval of the school, in a historical reenactment, in a hunter education program, or as part of an honor guard;

4. Firearms contained within a private vehicle ***operated by a nonstudent adult*** that are not loaded ***and*** are encased or are in a locked firearm rack that is on a motor vehicle; or

5. A handgun carried as a concealed handgun by nonstudent adult who holds a valid permit issued under the Concealed Handgun Permit Act in a vehicle or on his or her person while riding in or on a vehicle into or onto any parking area, which is open to the public and used by the school if, prior to exiting the vehicle, the handgun is locked inside the glove box, trunk, or other compartment of the vehicle, a storage box securely attached to the vehicle, or, if the vehicle is a motorcycle, a hardened compartment securely attached to the motorcycle while the vehicle is in or on such parking area, except as prohibited by federal law.

Definition of Encased. The term “encased” means enclosed in a case that is expressly made for the purpose of containing a firearm and that is completely zipped, snapped, buckled, tied, or otherwise fastened with no part of the firearm exposed.

Exceptions for Students. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The firearm or weapon has been brought to school grounds or to an activity or event off school grounds for some educational purpose;

2. The person bringing the firearm or weapon has requested and received the prior approval of both the instructor and the building principal to do so; and

3. All arrangements to use and store the firearm or weapon safely while it is on school premises have been agreed to and carried out.

Consequences – Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Consequences – Weapon. State law and this policy provide that any student who violates this policy by knowingly bringing, possessing, handling or transmitting a

weapon, other than a firearm, on school grounds, in a school owned vehicle, or at a school activity or event off school grounds may be suspended on a long-term basis, mandatorily reassigned, or expelled for the remainder of the school year in which the expulsion takes effect (if the misconduct occurs during the first semester) or the remainder of the second semester, summer school, the first semester of the following school year (if the misconduct occurs during the second semester).

Confiscation of Firearms. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm possessed in violation of this policy. By statute, any firearm that is confiscated by school personnel shall be delivered to a peace officer as soon as practicable. Such firearms are subject to being destroyed by law enforcement authorities.

Report to Law Enforcement Authorities. All school personnel are required to report any violation of this policy to a principal or the superintendent of schools. Pursuant to state and federal law, school personnel are required to report to law enforcement authorities when a student brings a firearm or weapon to school.

Due Process Afforded to Students Facing Long-term Suspension or Expulsion

The following procedures shall be followed with regard to any long-term suspension, expulsion or mandatory reassignment.

1. The Principal shall prepare a written summary of the alleged violation and the evidence supporting the alleged violation with the Superintendent or his/her designee.
2. If the Principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers, and a notice of intent to discipline the student by long-term suspension, expulsion, or mandatory reassignment is filed with the Superintendent or his or her designee, the student may be suspended by the Principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the Superintendent.
3. The Principal or his/her designee shall serve by registered or certified mail or by personal service to the student and the student's parents or guardian with a written notice within two school days of the date of the decision to recommend long-term suspension or expulsion. Said notice shall include the following:
 - (a) The rule or standard of conduct allegedly violated and the acts of the student alleged to constitute a cause for long-term suspension or expulsion including a summary of the evidence to be presented against the student as submitted by the Principal or assistant Principal.
 - (b) The penalties to which the student may be subjected and the penalty which the Principal or his or her designee has recommended in the charge.
 - (c) A statement explaining the student's right to a hearing upon request on the specified charges.

- (d) A description of the hearing procedures provided by these policies along with procedures for appealing any decision rendered at the hearing.
 - (e) A statement that the administrative representative, legal counsel for school, the student, the student's parents, or the student's representative or guardian shall have the right to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct, and the right to know the identity of the witnesses to appear at the hearing and the substance of their testimony.
 - (f) A form or a request for hearing to be signed by such parties and delivered to the Principal or his or her designee in person or by registered or certified mail.
4. Nothing in this policy shall preclude the student, student's parents, guardian or representative from discussing and settling the matter with appropriate school personnel prior to the hearing stage.
 5. In the event that the Principal has not received a request for hearing within five school days following receipt of the written notice, the punishment recommended in the charge by the Principal, or his or her designee, shall automatically go into effect.
 6. If a hearing is requested more than 5 school days following the actual receipt of the written notice, but not more than 30 calendar days after actual receipt, the student shall be entitled to a hearing; but the punishment imposed may continue in effect pending final determination.
 7. If a request for hearing is not received within 30 calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.
 8. In the event that a hearing is required to be provided, the Superintendent shall appoint a hearing officer.

Hearing Procedure

1. Hearing Officer. The hearing officer shall be any person designated by the Superintendent. The hearing officer shall be an individual who has had no involvement in the charge, will not be a witness at the hearing, and who has not brought the charges against the student. It shall be the duty of the hearing officer to remain impartial throughout all deliberations. The hearing officer shall be available prior to any hearing held pursuant to this policy to answer any questions the administrative representative, the student, the student's parents, or guardian may have regarding the nature and conduct of the hearing.
2. Administrative Representative. The Principal may appoint an administrative representative to present the facts and evidence. Such administrative representative may be an attorney or may be represented by an attorney, but any such attorney shall not advise the hearing officer or parties who may review the proceedings as their counsel.
3. Notice of Hearing. If a hearing is requested within five school days of receipt of the notice, the hearing officer shall, within two school days after being appointed, give written notice to the administrative representative, the student, and the student's parents or guardian of the time and place for the hearing. The hearing shall be

scheduled within a period of five school days after it is requested. No hearing shall be held upon less than two school days' actual notice to the administrative representative, the student, and the student's parents, or guardian, except with the consent of all of the parties.

4. Continuance. Upon written request of the student or the student's parents or guardian, the hearing officer shall have the discretionary authority to continue from time to time the hearing. In addition, the hearing officer may continue the hearing upon any good cause.
5. Access to Records. The administrative representative, the student, the student's parent or guardian, and the legal counsel of the student shall have the right to examine the records, affidavits, and the statements of any witnesses in the possession of the Southern Public School Board of Education at any reasonable time prior to the hearing.
6. Hearing Procedure. The hearing shall be attended by the hearing officer, the student, the student's parents or guardian, the student's representative if any, and the administrative representative. Witnesses shall be present only when they are giving information at the hearing or with the consent of both parties. The student may be excluded at the discretion of the hearing officer at times when the student's psychological evaluation or emotional problems are being discussed. The student or the student's parents or guardian or both may be represented by legal counsel. The hearing examiner may exclude anyone from the hearing when his/her actions substantially disrupt an orderly hearing. The formal rules of evidence shall not apply at the hearing. The administrative representative shall present to the hearing officer statements, in affidavit form, of any person having information about the student's conduct and the student's records, but not unless such statements and records have been made available to the student, the student's parents, guardian or representative prior to the hearing. The information contained in such records shall be explained and interpreted prior to or at the hearing to the student, parents or guardian, or representative at their request, by appropriate school personnel. The student, the student's parents, guardian, or representative, the administrative representative, or the hearing officer may ask witnesses to testify at the hearing. Such testimony shall be under oath and the hearing officer shall be authorized to administer the oath. The student, parent, guardian or representative, administrative representative, or the hearing officer shall have the right to question any witness giving information at the hearing. The student may testify in his/her own defense in which case he/she shall be subject to cross-examination. However, a student need not testify; and if he/she chooses not to, no conclusion may be drawn therefrom. Any person giving evidence by written statement or in person at a hearing shall be given the same immunity from liability as a person testifying in a court case. A single hearing may be conducted for more than one student if in the discretion of the hearing examiner a single hearing is not likely to result in confusion or prejudice to the interest of any of the students involved. If during the conduct of such a hearing, the hearing examiner concludes that any of such student's interests will be substantially prejudiced by a group hearing, or that confusion is resulting, the hearing examiner may order a separate hearing for each or any of said students.
7. Availability of Witnesses. The hearing officer will have the authority to subpoena any witnesses to the hearing and shall make reasonable efforts to assist in obtaining the

attendance of any witnesses requested by the student, the student's parents, or guardian or their legal representative.

8. Record. The proceedings of the hearing shall be recorded at the expense of the school district.
9. Findings. Within a reasonable time after the conclusion of the hearing, the hearing officer shall prepare and submit to the Superintendent of schools his/her written findings and recommendation as to disposition. This report shall explain, in terms of the needs of both the student and the school board, the reasons for the particular action recommended. Such recommendation may range from no action, through the entire field of counseling, to long-term suspension, expulsion, or mandatory reassignment.
10. Review by Superintendent. The Superintendent of schools shall review the findings and recommendations of the hearing officer and in his/her discretion may also review any of the facts and evidence presented at the hearing; and based upon such report and the facts, shall determine the sanctions to be imposed. However, the Superintendent may not impose a more severe sanction than that imposed by the hearing officer.
11. Notice of Determination. Written notice of the findings and recommendations of the hearing officer and the determination of the Superintendent of schools shall be made by certified registered mail or by personal delivery to the student and the student's parents or guardian. Upon receipt of such written notice by the student and/or parents and guardian, the determination of the Superintendent shall take immediate effect.
12. Appeal to Board. The student, student's parents or guardian may, within seven school days following the receipt of the Superintendent's decision, submit to the Superintendent of schools a written request for a hearing before the Board of Education.
13. Review by Board of Education. Upon receipt of the request for review of the Superintendent's determination, the Board of Education or a committee of not less than 3 members shall, within 10 school days, hold a hearing on the matter. Such hearing shall be made on the record except that the board may admit new or additional evidence to avoid substantial threat of unfairness. Such new evidence shall be recorded. The Board of Education or committee thereof may withdraw to deliberate privately upon the record and new evidence. Any such deliberation shall be held in the presence only of board members in attendance at the appeal proceeding, but may be held in the presence of legal counsel who has not previously acted as the administrative representative in presenting the school's case before the hearing officer. If any questions arise during such deliberations, which require additional evidence, the Board of Education or committee thereof may require the hearing to receive such evidence, subject to the right of all parties to be present. A record of any such new or additional evidence shall be made and shall be considered as a part of the record; and based upon the evidence presented at the hearing before the hearing officer, and such new or additional evidence, the Board of Education or the committee shall make a final disposition of the matter. The Board may alter the Superintendent's disposition of the case if it finds his/her decision to be too severe, but it may not impose a more severe sanction. A designated method of

giving notice by the Board of Education or committee thereof, if required, for any Board review shall be by posting on the schoolhouse door.

14. Final Decision of Board of Education. The final decision of Board shall be delivered to the student and parents or legal guardian of the student by personally delivering the same or by mailing the same by certified or registered mail.

Elementary School Discipline and Performance Program

The purpose of this program is to follow a systematic, consistent, fair approach to improve student performance and create a productive learning environment. Students are expected to comply with the three general "Student Performance Goals". Each teacher will determine what specific behaviors relate to these general goals based upon their grade level. This program will contain performance goals. A BLB is a generic term used to indicate a tally system. Younger grades may use flip cards while older grades may use BLBs. Performance BLBs will be tallied on a daily basis with a "new start" each week for kindergarten through second grade students, every two weeks for third grade students, and every quarter for fourth through sixth grades. Behavior BLBs accumulate throughout the school year. This program is designed for minor inappropriate behaviors and classroom responsibility. More severe behaviors will be referred to the office and handled according to the discipline section of the Parent/Student handbook. At the end of each 9 weeks a performance party will be offered to all students with 3 or less BLBs.

STUDENTS PERFORMANCE GOALS

1. Respectful
2. Safe
3. Responsible

Levels, Below the Line Behavior, and Consequences

Level 1

Below the line 1-15 minutes after school or until the assignment is completed

Below the line 2-30 minutes after school or until the assignment is completed

Below the line 3- 60 minutes after school

After 3 below the line behavior incidents, the student will telephone their parents explaining that they reached three strikes and will enter the "Reach for the Stars program".

"Reach for the Stars"

The student must use a daily assignment notebook provided for them.

At the beginning and end of the day the assigned teacher will assist the student with their assignment notebook.

The student will continue in the program as deemed necessary by both the teacher and the student.

Positive reinforcement will be awarded to students who check with the assigned teacher every morning & afternoon.

Level 2

4th BLB –60 minutes after school

5th BLB- Saturday school

6th BLB- Conference with parents

After BLB 3 on this level, the student will telephone their parents explaining that they have earned a total of five below the line behavior incidents. Depending upon the circumstances, a parent meeting may be arranged at a reasonable time either after school or before school to discuss an alternative plan to encourage student performance goals.

Student Behavior Goals

1. Respectful
2. Safe
3. Kind

Levels, strikes and Consequences-**EVERY BELOW THE LINE BEHAVIOR INCIDENT REQUIRES A PHONE CALL HOME**

Level 1

BLB 1- After school 15 min

BLB 2- After school 30 min

BLB 3- After school 60 min

After strike 3 written notification will be sent home to parents reminding the parents and student that after 5 strikes loss of all extra activities will occur.

Level 2

BLB 1- After school 60 min. A copy of the BLB sheet will be mailed to parents.

BLB 2- Saturday school. A copy of the BLB sheet will be mailed to parents.

BLB 3-. A copy of the BLB sheet will be mailed to parents. And a meeting with the parent or parents will be held.

After BLB 2 level 2, A PARENT MEETING WILL BE ARRANGED AT A REASONABLE TIME EITHER BEFORE OR AFTER SCHOOL.
